Oral Quiz**A Student B's own answers***Sample answers:*

1. Yes, I do. I can [take shorter showers]. / No, I don't. I [take quick showers].
2. Yes, I do. [Nuclear energy is cleaner than some other types of energy.] / No, I don't. [Scientists say nuclear energy is clean, but it's also dangerous.]
3. Yes, I do. [We use less paper.] / No, I don't. [We use less paper, but we waste more energy with the computers.]
4. No, not enough drivers have hybrid cars. [Hybrids are too expensive.]

B Student A's own answers*Sample answers:*

1. Yes, I do. I can [remember to turn off the lights when I leave a room]. / No, I don't. I save energy by [using CFLs].
2. Yes, I do. [Wind energy is clean and safe.] / No, I don't. [Wind farms are noisy, and they create problems for people in the area.]
3. Yes, I do. [If people use their cars less, there will be less pollution.]
4. No. [Most people don't want to spend the money.]

C Student B's questions

1. What have Ron and his neighbors decided?
2. What two things have Ron's neighbors promised to do?
3. If they use fewer plastic bags, what will the result be?
4. What will / might / could the result be if they start using / to use more CFLs?

Student A's answers*Sample answers:*

1. They've decided to try harder to protect the environment.
2. They've promised to use cloth bags when they go grocery shopping and (they've promised) to start using more CFLs.
3. If they use fewer plastic bags, the result will / might / could / may be less pollution.
4. If they start using / to use more CFLs, they will / might / could / may save energy and money.

D Student A's questions

1. Have Ellen's neighbors decided to do something about the environment?
2. What two things has Ellen decided to do?
3. If Ellen rides her bicycle to work, how will she help the environment?
4. Why will / might she be healthier if she grows her own vegetables?

Student B's answers*Sample answers:*

1. No, they haven't. / No, but Ellen isn't going to let that stop her.
2. Ellen has decided to start riding her bicycle to work and to grow her own vegetables this summer.
3. If she rides her bicycle to work, she'll buy less gas and cause less pollution.
4. She'll be healthier because she won't be eating vegetables that have dangerous chemicals.
