G

Read the ads. Then check (✓) three true statements. (3 POINTS)

HOT NEW PRODUCTS!

The Reason Washing Machine

Andrew Reason has been working on a "green" washing machine for over seven years. And now you can own one! What makes the Reason washing machine so amazing? It has only one button! Once you load your clothes in the machine, the Reason weighs the load. Then it determines the right amount of water, detergent, and fabric softener. You will save money because you won't use as much electricity or water!

The Glo Nightlight

Do you know any children who are afraid of the dark? If the answer is yes, then try this cool, new nightlight with glowing balls! The Glo Nightlight has three stems that each hold a removable glowing ball. These electronic-free balls don't get warm, they don't break, and they don't need to be plugged into an electric socket. Kids can even bring a ball to bed with them.

The balls fade to dark after 30 minutes. Once you place the ball back on the stem, a low-energy LED base will recharge it.

Mold and Germ Destroying Air Purifier

Cold and flu season is just around the corner. If you don't want to get sick this year, why not check out the Mold and Germ Destroying Air Purifier? This gadget will eliminate up to 100 percent of airborne irritants like mold and viruses by silently killing them. Once dead, the irritants are filtered and then destroyed in a 400-degree chamber inside the device. The device then recirculates sanitized, cooled air that will keep you healthy.

- 1. The Reason washing machine is good for the environment.
- 2. The Reason washing machine won't be able to do things like measure laundry detergent.
- 3. The Glo Nightlight must be plugged into an electrical socket.
- 4. The Glo Nightlight balls can stay lit for 30 minutes.
- 5. The Mold and Germ Destroying Air Purifier uses very cold air to kill airborne irritants.
- 6. The Mold and Germ Destroying Air Purifier can keep you from getting sick.
