(Track 6)

Conversation 1

Woman Do you drink a lot of that?

Man Yeah. Probably too much. I have three or four cans a day.

Woman Do you usually get the diet kind or the regular stuff?

Man Usually diet. The regular stuff has too many calories. I don't need those, and I can't really taste the difference anyway.

Conversation 2

Woman 1 Here. Would you like some?

Woman 2 Yeah, thanks. I love this stuff. Did you have them put butter on it?

Woman 1 Yeah, I did. Is that OK – with butter?

Woman 2 Sure, I eat it either way. You know, I never have this at home. I just eat it when I go to a movie.

Woman 1 Yeah, me too.

Conversation 3

Man 1 Wow, you're putting a lot on!

Man 2 Yeah, I like a lot on my hamburger. I put it on everything.

Man 1 Really? Do you ever put it on eggs?

Man 2 Oh, yeah, all the time – eggs, French fries, . . . steak. Sometimes it gets on my clothes. I have a lot of shirts with red stains on them!

Conversation 4

Man That looks great. Did you make it yourself?

Woman No, actually. I was going to make one, but I didn't have enough time. I got it at my favorite bakery. They make the best ones. How big of a slice do you want?

Man Just a small one, thanks. That was such a great dinner. I didn't leave much room for dessert.
