

Unit 7 Written quiz audio script

(Track 8)

1. *John* Richard is a friend I met in college. We met in the cafeteria one day. After that, we took a lot of classes together, and we hung out a lot and talked about our future plans. He's very intelligent and really good at learning languages – actually, he speaks three languages fluently. Anyway, Richard wanted to become a college professor, but that didn't work out, so he went into business with his father.
2. *John* Sherrie and I grew up together. When I visit my old hometown, she's someone that I always try to see. She went away to college, but then went back home after graduation and married her high school sweetheart. She's got a kid now and works full time – I mean, part time. She's a part-time teacher. When I visit her, we always talk about the fun times we used to have.
3. *John* Steve is someone I met at work recently. We started talking during breaks and seemed to get along really well. I guess we just have a lot of things in common – we're both into music and sports. Neither of us is married yet. I'm not ready to settle down, and neither is he. It's cool to have a new friend like him.
4. *John* Carol is a person I used to go out with. We broke up a long time ago, but we're still friends. Actually, we're sort of like family now because Carol's brother married my sister. Anyway, we're very different, but I always enjoy talking with her because she has interesting opinions and a great sense of humor.
