(Track 7)

## Conversation 1

*Woman* Can you give me directions to the aquarium?

*Man* Sure. The best way to go is . . . uh, just go right at the next street. Go one block and then turn left on Market Street. . . .

*Woman*

(*interrupts*) Excuse me? Did you say Market Street?

*Man* That's right. So, turn left on Market Street, and go two blocks. It's at the end of the street. You're going to see it on the right.

*Woman* On the right, did you say? Across the street?

*Man* Yes. It's the big building behind the parking lot. You can't miss it.

## Conversation 2

*Woman* Can I help you?

*Man* Yes. Can you recommend a good place around here to eat breakfast?

*Woman* Sure. Sally's Café has good food, and it's not very expensive. Go outside, and turn right. Go two blocks to Birch Street, and turn right again.

*Man* Turn right again on Birch Street?

*Woman* That's right. Then go three blocks to Nash Avenue.

*Man* I'm sorry? Nash Avenue?

*Woman* Correct. The café is right there, on the corner of Birch and Nash.
